Mid America Health, Inc.

"Specializing in the Business of Dentistry since 1986."

The official launch of the new MAH newsletter!

Welcome to the first official issue of the Mid America Health, Inc. (MAH) newsletter. As the company continues to grow and expand into new states, we have recognized that

many of our employees are separated from the daily operations of the company. Many of you never even meet someone from MAH when you are hired! In order to keep you

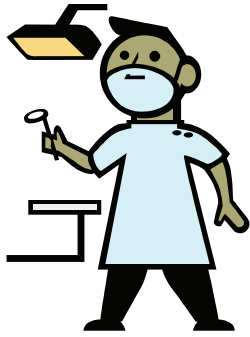

connected with what is going on with the company, we have started a company newsletter. We welcome your submissions and input. Let us know what is going on where you are!

The redesigned MAH website– www.mahweb.com

While working on the newsletter, we are also giving the website a face-lift. Log on and tell us what you think. This new site will be designed to be more user friendly and allow our employees to access the forms they need and use most frequently.

In addition to the website redesign, we are currently working on a web-based time-keeping system. More information will be made available on this exciting project as we begin to implement the system. More forms and information will also be added to the website as it

continues to be developed. Future newsletters will keep you informed of website updates. If you have an idea, suggestion or opinion on the website—we would love to hear from you. Email Cassandra at cwuensch@mahweb.com and let her know.

This spring we welcomed Beth Parks as our new Recruiting Specialist. Beth works with Kimberly Whitis, Director of Recruitment, to ensure that we have enough staff to meet the needs of our patients. Beth assists Kimberly in finding and hiring new candidates for the various positions we have available in our Corrections Division.

Recruiting

We also welcomed Cassandra Wuensch. Cassandra is our new Executive Assistant to Bill Mathews and Patrick Murphy. She will also be helping Kimberly in the Recruiting Department as needed and working on various special projects.
